

Deepak Kumar

MERN Stack Developer

New Delhi, India | (+91) 8744086714 | dkkumarr911@gmail.com | [LinkedIn](#) | [GitHub](#)

SUMMARY

MERN Stack Developer with nearly 3 years of experience building scalable SaaS applications, AI-powered systems, CRM systems, and high-performance web platforms. Skilled in React.js, Next.js, Node.js, and cloud integrations (AWS, Firebase). Proven track record of improving application performance, implementing real-time systems, and integrating AI-driven features to enhance user engagement.

KEY ACHIEVEMENTS

- Improved application performance by **30%** through optimization and caching
 - Increased user engagement using **automation and AI integrations**
 - Built scalable real-time systems handling chat and live updates
-

TECHNICAL SKILLS

- **Frontend:** React.js, Next.js (SSR), Redux Toolkit, Tailwind CSS, Bootstrap, Material UI.
 - **Backend:** Node.js, Express.js, REST APIs.
 - **Databases:** MongoDB, PostgreSQL
 - **Tools & Cloud:** Redis, AWS (S3, SES, SNS), Firebase (Auth, FCM, Storage), Git, Postman.
 - **Other:** Socket.io, Stripe, Razorpay, SabPaisa, AssemblyAI, OpenAI APIs
-

EXPERIENCE

MERN Stack Developer | Acadecraft Private Limited

Noida | Aug 2025 – Feb 2026

- Developed and optimized scalable applications using **Next.js (SSR), Node.js, and MongoDB**
- Improved API performance and reduced response time using **Redis caching**
- Built real-time systems using **Socket.io** for chat and notifications
- Designed role-based CRM systems and analytics dashboards
- Implemented user engagement features, including notifications, automation, and tracking systems

MERN Stack Developer | Cliffex Software Solutions Pvt Ltd

Noida | Jun 2023 – Jul 2025

- Built full-stack applications using **React.js, Next.js, Node.js, Express**
- Integrated **OpenAI APIs** for AI-driven features (chat, speech-to-text)
- Implemented secure authentication (Firebase, OAuth, OTP login)
- Integrated payment gateways: **Stripe, Razorpay**
- Developed reusable components and scalable backend architecture

MERN Stack Developer (Intern) | Brihat Infotech

Remote | Dec 2022 – Mar 2023

- Developed REST APIs and integrated the frontend with backend systems
 - Built the responsive UI from Figma designs using Tailwind CSS
-

KEY PROJECTS

CampusDegree (EdTech CRM + Referral Platform) | campusdegree.com

Tech: Next.js (SSR), Node.js, MongoDB

- Built SSR-based platform for **course & university discovery**
- Developed **student CRM** with enrollment, wishlist, and activity tracking
- Implemented a **referral system with wallet, withdrawal, and transaction history**
- Designed **analytics system** (user activity, session tracking, engagement metrics)
- Built an **admin panel with role-based access** for managing courses, users, and referrals
- Developed a **leaderboard & incentive system** with dynamic rules and hierarchy management

LuxuryLife (Real-time Dating Platform) | luxurylife.ai

Tech: Next.js (SSR), Node.js, Redis, Socket.io

- Migrated application from React to **Next.js (SSR)**, improving performance
- Built a **real-time chat and notification system** using Socket.io
- Implemented **profile discovery based on location & radius filtering**
- Developed **private media request & approval workflow**
- Increased engagement using **automated messaging based on the timezone**
- Optimized performance using **Redis caching and online user tracking**
- Built an admin dashboard with **user analytics and funnel tracking**

Yekaterin (AI SaaS Platform) | yekaterin.com

- Built an AI chatbot system integrated with OpenAI APIs
- Developed healthcare automation workflows and chatbot integrations
- Implemented data extraction (web + PDF) for structured information

Manage My Site (ERP System) | managemysite.org

- Built backend system for workflow management (PO, billing, inventory)
- Designed a **role-based access** and reporting system

Yiino (Travel & Logistics Platform) | yiino.com

- Built a backend for ride booking, delivery, and rentals
- Implemented real-time tracking using Google APIs and Firebase
- Developed pricing and booking logic for multiple services

EDUCATION

- **Bachelor of Science**
Indira Gandhi National Open University, Delhi

ADDITIONAL INFORMATION:

- **Languages:** Hindi (Native), English (Working Proficiency).
- **Interests:** Workflow/AI Automations.
